Public Comment

No public comment.

Discussion of Course Summaries

There was discussion regarding statutory requirement that courses must be submitted 15 days before the first offering. Since we meet once of month, it is possible that a course for consideration today has already been offered. In that scenario, the provider must inform the attendees that credit is dependent on today's council approval. There was also a course that was developed and offered prior to being submitted for credit. That course if approved would be available for future credits. However, past offerings of the course are not eligible for credit. Dan Rust moved to approve all courses as they were presented. Jerri Roney seconded the motion. No additional discussion. Motion carried.
